VRT Calculator

Vehicle Registration Tax (VRT) Estimate for vehicle.

Edit Details

Your VRT Estimate

Date	09/07/2026
Time	17:17
Rate of VRT	17.5%
Vehicle Registration Tax	€1,924

Vehicle Details

Statistical Code	50024001
Model	IS300H
Make	LEXUS
Version	2.5 DAA-AVE30 HEV 4DR AUTO

Breakdown of VRT Estimate

Open Market Selling Price (OMSP) determined by Revenue	€44505
Monthly Adjustment	N/A
Depreciation Code Allocated by Revenue	A6
Odometer Reading	80000 Kilometres
Date of First Registration	December 2015
Mileage/Kilometre Reduction	€0
Rate of Depreciation for this Vehicle	83%
Current OMSP determined by Revenue	€7565

Revenue CO_2 Estimate

CO_2 Emissions	100
Calculated WLTP CO_2 Emissions	126
Calculated WLTP CO_2 Formula	A1
Rate of VRT	17.5%
CO_2 VRT Charges	€1,324

Revenue NOx Estimate

NOx Emissions	0.251
NOx Units	g/km or g/kWh
NOx VRT Charge	€600

Registration Tax Total

CO_2 VRT Charges	€1,324
NOx VRT Charge	€600
Vehicle Registration Tax	€1,924

Important Please Note

1. This is a current estimate only, based on the details entered. The amount of VRT due at registration may differ from the estimate, if the details entered do not match the vehicle exactly. The VRT amount due could also differ if there is a change in the OMSP of the vehicle, if a different rate of CO2 or NOx emissions applies, or in the event of a legislative change.
2. An appointment for a pre-registration examination of the vehicle must be made with the NCTS within 7 days of the vehicle entering the State. Registration must be completed within 30 days of the vehicle entering the State.

   For more information on booking NCTS appointments, see www.ncts,ie/vrt.
3. When purchasing a vehicle please ensure you get all the correct documentation. Please also give yourself plenty of time to register the vehicle within the required 30 days. You will incur additional charges if the vehicle entered the State more than 30 days before registration.
4. This calculator works on the basis that the vehicle is in good condition considering its age, and within mileage norms. Additional VRT may be payable if the vehicle is fitted with chargeable enhancements/accessories, otherwise known as 'extras'.
5. In certain circumstances, Customs Duty and VAT may also be payable. For VAT purposes a vehicle is a 'new means of transport' when it is less than 6 months old or has travel less than 6,000km. Click here for more information.
6. A Certificate of Conformity or other Type Approval certification is required for previously unregistered vehicles.
7. Further information is available at https://www.revenue.ie/en/importing-vehicles-duty-free-allowances/guide-to-vrt/index.aspx
