

VRT Calculator

Vehicle Registration Tax (VRT) Estimate for vehicle.

[Edit Details](#)

Your VRT Estimate

Date	06/07/2026
Time	00:55
Rate of VRT	19.25%
Vehicle Registration Tax	€5,198

Vehicle Details

Statistical Code	42688266
Model	IS300H
Make	LEXUS
Version	2.5 IS 223BHP 4DR AUTO

Breakdown of VRT Estimate

Open Market Selling Price (OMSP) determined by Revenue	€39817
Monthly Adjustment	+100%
Depreciation Code Allocated by Revenue	A6
Odometer Reading	40000 Miles
Date of First Registration	April 2021
Mileage/Kilometre Reduction	€0
Rate of Depreciation for this Vehicle	40%
Current OMSP determined by Revenue	€23890

Revenue CO₂ Estimate

CO ₂ Emissions	109
Calculated WLTP CO ₂ Emissions	135
Calculated WLTP CO ₂ Formula	A1
Rate of VRT	19.25%
CO₂ VRT Charges	€4,598

Revenue NOx Estimate

NOx Emissions	0.251
NOx Units	g/km or g/kWh
NOx VRT Charge	€600

Registration Tax Total

CO ₂ VRT Charges	€4,598
NOx VRT Charge	€600

Vehicle Registration Tax €5,198

Important Please Note

1. This is a current estimate only, based on the details entered. The amount of VRT due at registration may differ from the estimate, if the details entered do not match the vehicle exactly. The VRT amount due could also differ if there is a change in the OMSP of the vehicle, if a different rate of CO₂ or NOx emissions applies, or in the event of a legislative change.
2. An appointment for a pre-registration examination of the vehicle must be made with the NCTS within 7 days of the vehicle entering the State. Registration must be completed within 30 days of the vehicle entering the State.

For more information on booking NCTS appointments, see www.ncts.ie/vrt.

3. When purchasing a vehicle please ensure you get all the correct documentation. Please also give yourself plenty of time to register the vehicle within the required 30 days. You will incur additional charges if the vehicle entered the State more than 30 days before registration.
4. This calculator works on the basis that the vehicle is in good condition considering its age, and within mileage norms. Additional VRT may be payable if the vehicle is fitted with chargeable enhancements/accessories, otherwise known as 'extras'.
5. In certain circumstances, Customs Duty and VAT may also be payable. For VAT purposes a vehicle is a 'new means of transport' when it is less than 6 months old or has travel less than 6,000km. [Click here](#) for more information.
6. A Certificate of Conformity or other Type Approval certification is required for previously unregistered vehicles.
7. Further information is available at <https://www.revenue.ie/en/importing-vehicles-duty-free-allowances/guide-to-vrt/index.aspx>
